

NATIONAL MUSEUM OF MATHEMATICS

**Visit MoMath at Booth 309 for the best ideas
in math gifts plus your chance to meet
some pretty special people!**

Thursday, January 11, 10:15–10:45

Meet prizewinning author Günter M. Ziegler! Grab copies of his books and get them autographed, too.

Thursday, January 11, 12:30–1:15

Join MoMath as Paul Zeitz subjects you to mathematically sound sucker bets. You will lose, but will learn to inflict those bets on others.

Thursday, January 11, 2:00–2:20

Learn some great rope tricks, geometric optical illusions, and mime illusions with Tim Chartier and MoMath!

Thursday, January 11, 3:30–4:30

Enjoy Mathematical Magic as Art Benjamin dazzles you with feats of presti-digit-ation! Art will have copies of his books, too!

Friday, January 12, 10:30–11:15

Join MoMath for a meet and greet with stand-up mathematician Matt Parker. Copies of Matt's book will be available and he'll also sign your calculator. Or just come and chat about your favorite number!

Friday, January 12, 11:45–12:30

Join MoMath, AIM, and the Global Math Project's James Tanton for a "Weird Lottery" at the MoMath booth! Can you devise a strategy to win a huge pile of candy?

Friday, January 12, 2:30–3:15

Check out some of Henry Segerman's unusual and beautiful 3D prints and take home a signed copy of his book!
