Assignments for March 8
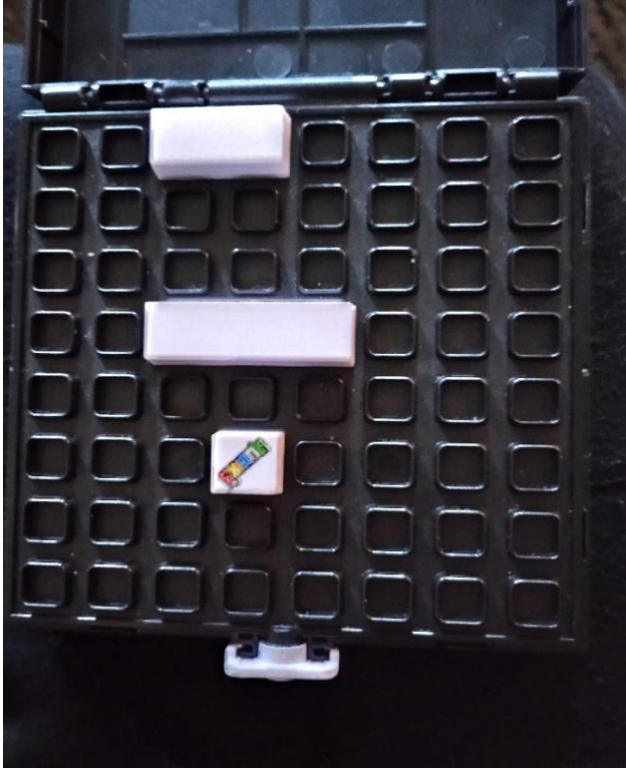

Children

1. **puzzle**

Figure 1

2. **Sharing task**

Jonny and Lizzie are sharing chocolate blocks fairly.

Figure 2.

Distribute these pieces between them in such a way that both Jonny and Lizzie end up with the same total number of chocolate units **without breaking any pieces.**

Adult

1. **puzzle**

Figure 3

2. Area and perimeter problem

Create a shape on the 8x8 board using the chosen blocks of Rubik's Gridlock, which has the area 24 and its perimeter is 42!

An example for a shape with the area 13 units and the perimeter 18 units can be seen on the Figure 4.
